Concrete streets always remain true, even and rigid

### **Long Beach Makes Certain of Enduring Street Pavement**

Street paving in Long Beach, Cali-fornia, deserves the investigation of property owners, business men, offi-cials, of any city contemplating street

Improvement.

Long Beach today has nearly one and a quarter million square yards of permanent concrete streets built under experienced engineering supervision, to fineet traffic conditions of today—and tomorrow. Outstanding examples are West Anaheim and Chestnut Streets, Linden, Ximeno, Cherry and Pine Avenues, and North Atlantic Boulevard.

These pavements were built with due regard for varying traffic require-ments on different streets. They were built to last, and this means negligible maintenance cost.

Concrete streets are clean, prosper-ous looking. They insure safety to motor traffic in all kinds of weather. Throughout Long Beach you notice a dressed up appearance as a natural companion to concrete pavement.
